

The NEW economical way to bale your pallet / stretch wrap, foil, plastic bags, hospital blue wrap, light cardboard, etc.

From This

To This

Using This

No more dumpsters, gaylords, trash cans, wheelie bins.

Small, neat, easy to handle,
well compacted bales.

HR MiniPak Baler

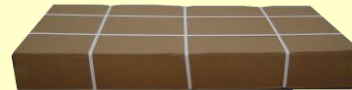

Manually Operated Baler
for the small to medium size producer.

Ideal machine where the quantity to be baled does not justify the cost of a hydraulic baler or for the producer who already has a baler for cardboard & needs a small machine for plastic.

Specifications

Machine Dimensions (W x D x H)	23" x 28" x 47" (71" open)
Bale Size (W x D x H)	17" x 14" x 26"
Bale Weight	Up to 55 lbs.*
No. of Tie Straps	2
Weight	106 lbs.

The Baler In A Box

The HR MiniPak completely flat packs for transportation with all the components fitting inside one cardboard box. Full assembly instructions & operator manual are included.
